

## Opening Remarks

### Distinguished exhibitors,

The Fifth China International Import Expo (CIIE) was held successfully from November 5 to 10, 2022, with the active participation and strong support of all parties. The business exhibition was fruitful, featuring over 2,800 exhibitors from 127 countries and regions, including 284 of the top 500 global enterprises and industry leaders. Another impressive record was achieved with intentional trading volume reaching USD 73.52 billion. This CIIE showcased 438 representative and new products, technologies and services, surpassing previous sessions. The on-site activities at the CIIE were diverse and content-rich, highlighting the event as four distinct platforms. We sincerely thank all exhibitors for their support and efforts.

CIIE is a major opening-up initiative personally planned, proposed, deployed and promoted by President Xi Jinping. Over the past five years, the CIIE has been successfully held in consecutive sessions with strong support from the international community. Its quality and effectiveness have improved, and its international influence has become more extensive. The role of CIIE has been highlighted as four platforms for international procurement, investment promotion, people-to-people exchanges, and openness and cooperation. It has become a window to witness China's action in materializing the new development pattern, a platform to advance high-level opening up and a public product for the international community. China has shown its commitment to high-level opening up, sharing development opportunities, and promoting economic globalization through these efforts.

The blossoms this year will be more beautiful than those of the last year. We sincerely invite you to the Sixth CIIE. We are waiting for you in Shanghai, China, and will strive to provide you with better service. We wish you greater achievements in the Sixth CIIE. We would like to enjoy the "spring breeze of opening" in China with you.
