EXPO-ONE is a professional service agency that offers one-stop exhibition and event planning services worldwide. Our main business includes global exhibition & display, PR and branding activities, and digital marketing & communications. We provide the most professional exhibition services to our global clients while delivering highly effective brand experiences to their target audiences. Over the past 15 years, EXPO-ONE has grown into an international exhibition and event planning company, operating with dual headquarters in Hong Kong and Beijing to cover our global business operations. Since the inaugural China International Import Expo (CIIE) in 2018, EXPO-ONE has been recommended by the organizing committee as a featured service provider for custom-built exhibition booths. We have focused on serving international exhibitors and national pavilions, including honorary guest countries like Russia and Kazakhstan. We were also entrusted with the prestigious task of designing the China National Pavilion for the first CIIE. With a team of exceptional talents and internationally renowned creative design concepts in the exhibition industry, we have effectively established deep connections between participating enterprises and their target audiences at the CIIE, enabling them to build a strong brand presence. With our extensive industry experience, outstanding services, and international perspective, EXPO-ONE has become a partner to over 200 exhibitors at the CIIE, and we are proud to have received the Silver Award for Green Booth at the 3rd CIIE. The company has obtained international professional qualifications and memberships, including being a member of the International Association of Exhibitions and Events (IAEE), the International Federation of Exhibition and Event Services (IFES), a member unit of the China Association for Exhibition Centers, a standing member of the China Chamber of International Commerce (CCOIC), a presiding unit of the China Association for Exhibition Centers, an initiator of the China Union of City Convention and Exhibition Industry, and a member unit of the China Industrial Design Association. We have also obtained international event authorization and service qualifications, such as the Shanghai World Expo service qualification, the qualification as a booth builder for five consecutive years at the China International Import Expo, and the qualification as a booth builder for the China International Consumer Products Expo. In terms of management, we have implemented standardized practices and obtained ISO9001:2015 certification for quality management systems and ISO14001:2015 certification for environmental management systems. We adhere to world-class standards in green project management. Dedicated to creating excellence, EXPO-ONE has been providing long-term services to outstanding domestic and international brands. Our clients include OPPO, Fosun Group, RemyCointreau, The Dalmore, JD Group, TCL Group, Xiaomi, and BAZAAR. We are fully committed to each project, crafting remarkable exhibition experiences for you. Shanghai ASEA Hengxin Convention & Exhibition Co., Ltd., as a professional exhibition service provider, currently has multiple exhibition factories in Guangzhou, Shanghai, and Beijing. The total area of these factories exceeds 30,000 square meters, with a total staff of over 200 people, including more than 80 technical backbone members specializing in exhibition project production and construction. The company's business scope covers exhibition consulting, planning, design, brand store design and construction, graphic design and production, overseas exhibition agency, etc. We have extensive experience in exhibition services and a large number of professional talents to provide comprehensive services in the field of exhibitions to our clients. The company has been the main service provider for seven consecutive Beijing International Automotive Exhibitions. We have also served as the main service provider for other major international exhibitions both domestically and internationally, including China International Industry Fair, China Guangzhou International Automobile Exhibition, Shanghai Pudong International Automotive Exhibition, China International Building Trade Fair, China (Guangzhou) International Building Decoration Fair, China International Sports Goods Fair, Munich Shanghai Optics Fair, China International Engineering Machinery, Building Materials Machinery, Engineering Vehicles and Equipment Exhibition, Shanghai Auto Testing Exhibition, Beijing International Tourism Exhibition, Northeast Asia Expo, Shenzhen Hi-Tech Fair, and Shenzhen Electric Vehicle Annual Conference and International Electric Vehicle Conference. We have earned the trust of exhibition organizers and participating companies, and have gained a good industry reputation. ASEA is also a leading company in exhibition operations and management in China. With over a decade of business development, we have introduced advanced international management concepts. We are committed to promoting standardization in exhibition factory production, operational management, information technology, and construction services. We are determined to explore innovative approaches and continuously expand our network of partners and resources. With just a phone call, a solution and a talk, we can provide you with nationwide services for the production, pre-construction, thorough packaging, transportation, on-site installation, material and on-site maintenance, dismantling, warehousing, and one-stop services across different cities and multiple sets of materials, either simultaneously or at different times. We specialize in exhibition engineering, exhibition events, conferences, product launches, tours, customized exhibition booths, event and conference setup, roadshows, stage construction, and mall decoration and production services. Over the years, our company has accumulated extensive experience in managing and constructing large and medium-sized projects. We have a team of skilled technicians and highly efficient industry professionals who specialize in tour shows, auto shows, events, and conference production. Furthermore, to meet the needs of the exhibition industry, we have gradually established a nationwide production and manufacturing platform, as well as a resource network system that integrates tour show, production and construction in over 100 cities across the country.

a&a Expo International China (Beijing) Co., Ltd. (a&a Expo International China) is subordinate to the Dutch a&a Expo International Group, which provides integrated services of international exhibition. Since entering the Chinese market in 2003, by combining the experience and technology of the European headquarters with the actual operation of the domestic market, a&a Expo International China has developed elastic solutions. In addition, in the past 19 years, our company has provided high-quality exhibition stands and services for many international brands and activities, such as Volkswagen, Audi, Porsche, Bentley, Maserati, Haier, etc. At the same time, as an official contractor, the company participated in the constructed work of the Olympic Club of the 2022 Beijing Winter Olympics and won wide acclaim from the International Olympic Committee. In general, a&a Expo International China has always upheld the principle of "Quality first and service first" and enjoyed a high reputation among its customers. But this is far from enough.

Founded in 2001, Zhejiang Broad International Convention & Exhibition Co., Ltd. (BCE for short) is a state-owned exhibition company qualified for organizing outbound trade fairs with the ratification of Ministry of Commerce. The company owns the comprehensive capability for innovating exhibitions and providing integrated solutions to expand global markets, initiates the cloud exhibition nationwide for upgrading digital transformation of exhibition industry, together with global strategic partners to jointly build an open and mutual sharing platform for exploiting markets through online and offline exhibitions. The company's exhibition scale is ranked the top in Zhejiang Province, and among the top nationwide. BCE is the professional leader of organizing foreign trade enterprises to exploit overseas and domestic dual circulation markets, the pioneer to exploit markets along the Belt and Road, the explorer in digital transformation of the exhibition industry. It is among the first batch of key contact enterprises approved by Ministry of Commerce, the norm maker of Zhejiang Province's "Going Abroad (Overseas) Exhibition Service Norms", the member unit of UFI and IAEE, a regional partner unit of China International Import Expo for the organization of trade buyers, as well as the chairman unit of Zhejiang International Convention & Exhibition Industry Association, the exhibition project first-level qualified unit of China Association for Exhibition Centers as well as the pioneer of Zhejiang Financial and Trade System. Furthermore, the company is appraised as the recommended service provider of special decoration of China International Consumer Products Expo and gains construction qualification for national-level exhibitions like Canton Fair and China International Fair For Investment & Trade. Over the past twenty years, the company has always taken it as its mission to lead the country's export-oriented enterprises to open up the market, and undertaken major events including CIIE, CIFTIS, Canton Fair and China International Consumer Products Expo as well as various exhibitions, conferences and forums of Ministry of Commerce and over 20 provinces such as Zhejiang, Jiangsu, Anhui, Jiangxi, Hebei, Guangdong, Hunan, Yunnan, Chongqing, Qinghai and etc. The company's exhibition projects cover 300 cities of 100 countries and regions around the globe. We provide services for 30 thousand enterprises every year, involving more than 40 industries such as textile & clothing, hardware & auto parts, engineering & machinery, building materials, furniture, food, communications, security, IT, digital technology, optics and etc. BCE has accumulated more than 3 million member resources of over 300 overseas business associations and established relations with more than 100 global strategic partners. Zhejiang Export Fair (Osaka) and other company exhibition projects have gained UFI approval, among which Zhejiang Export Fair (Osaka) is the first outbound UFI-approved independent brand exhibition in China.

Founded in 2016 and headquartered in Beijing, Beijing Tuoshi Space Culture Communication Co., Ltd. is a large comprehensive service company integrating exhibition design and construction, exhibition hall design and construction, and conference and event planning and execution. We boast an independent art creation center, gathering top domestic designers. The design works are used in exhibitions and public spaces at home and abroad, and some works are collected by institutions or individuals. We have a professional team for installation and follow-up service. For specific projects, all departments work together to ensure that projects are progressed in an orderly manner from planning, design, installation and maintenance. Over the years, we have maintained the customer-driven marketing strategy and provided services for more than 800 customers in more than 50 industries. Relying on years of experience in brand full-case service, we provide customers with professional and high-quality brand globalization one-stop service. Since the establishment, we have developed domestic and international markets with our professional design concepts and "one-stop" service spirit based on years of experience accumulation. Our business scope has been expanded to the exhibition field of all walks of life, especially in construction and operation of exhibition design, which has been widely praised. We have an excellent team for design and execution and mature production process. We are ready to provide the best design schemes and the most rigorous engineering construction, as well as the most perfect systematic services for customers all over the country. Currently, with Beijing, Shanghai, Guangzhou and Chengdu as the platform and the integration of the advantages of professional personnel in these four places, we constantly provide professional services for enterprises nationwide by upholding the concept of "ubiquitous and continuous communication" and the mission of "providing customers with integrated image design schemes".

With the continuous improvement of economic globalization and the deepening cooperation between nations, the exhibition industry has become increasingly important in the economic development of countries, earning the reputation as the "business card" and "economic booster" of cities. As an emerging market in the Asia-Pacific region, the exhibition industry is poised for rapid growth. Shandong Xizhan Exhibition Service Co., Ltd. rides on the wave of this era of change and plugs itself into the global economy through highly specialized services and communication. Since entering the industry in 2008 and the establishment of our Shanghai branch, Xizhan Exhibition Services has been dedicated to upholding the corporate philosophy of "being innovative, efficient, professional and meticulous." We have assembled a team of professional designers and exhibition planning experts to provide tailored services that showcase the unique characteristics and essence of various enterprises and organizations. Additionally, our company boasts a specialized production workshop and a skilled construction team, ensuring strict control over project quality. We have also established cooperative factories in major cities nationwide, enabling on-site production throughout the country. The Decoration Engineering Department excels in providing professional design and high-quality production and installation services, starting from initial decoration design and material selection to construction and post-maintenance. Our high-level expertise and superior craftsmanship have earned us the trust and praise of our clients. The Exhibition Services Department has become a preferred exhibition builder and venue service provider for numerous large-scale exhibitions, offering the lowest costs, optimal designs, and outstanding results. The Advertising Planning Department has gathered a team of highly talented and skilled professionals to create the best exclusive designs and production solutions for our clients. At Xizhan, our team members view exhibitions as opportunities, design as the highlight, execution as the assurance and professional services as the foundation. We embrace the mission of providing our clients with the highest quality of service. We channel our love for the industry and enthusiasm for the future into every project, striving to make each design a benchmark and every creation a timeless masterpiece.

Founded in 2012, DEIZ MESSE SERVICE is a service provider concentrated on commercial exhibition, enterprise showroom displays and roadshow/events across China, Europe, the United States and APME. We were an exhibitor at the 4th,5th & 6th China International Import Expo (CIIE), and a supporter and official cooperative company in social media promotion of the 5th & 6th CIIE. "Focusing on creative and make it real" is our philosophy embedded in every creative solution we execute to the satisfaction of our customers. Based in Shanghai with branches in Hong Kong and Haikou, we aim to provide better integrated exhibition and marketing services to a wider customer base. DEIZ MESSE SERVICE is a member of the China Exhibition Hall Association, a council member of the Shanghai Federation of Industry and Commerce Exhibition Chamber, a member of the Shanghai Convention and Exhibition Industry Association, and the executive vice president unit of the Hainan Convention and Exhibition Association. Our mission is to "Motivate our clients' business and marketing growth with substantial insight and creativity", our vision is to "Grow as the primary choice of integrated marketing communication partner of our clients", and our value is "Deep insights, Pragmatic creativities, Seek perfection". We offered exhibition and marketing services to Standard Chartered Bank, UPS, JLL, Stryker, TÜV, BioMérieux, Nongshim among other companies in the past five CIIEs and drew lavish praise from them. In addition to CIIE projects, our company is also a recommended exhibition design and construction service provider for CPHI overseas exhibitions. We have successfully executed projects at major exhibitions such as CES, AWE, and MWC both domestically and internationally. Apart from trade shows, our parent company, Deiz Creative Solutions, can provide professional integrated marketing (advertising creativity) services for clients, covering strategies, end-to-end online and offline promotion, and has won various awards in the integrated marketing category, including the Shanghai International Advertising Award, TopDigital Award, and China Innovation Communication Award.

Dear Sir/Madam, We are pleased to introduce our company, WanJiang Exhibition, to you. As a dedicated player in the exhibition industry, we strive to provide excellent exhibition services and unique display solutions to our clients. At WanJiang Exhibition, we prioritize attention to detail and quality, always striving for excellence. Our team consists of experienced exhibition professionals with extensive industry knowledge and practical expertise. Whether it's a domestic or international exhibition, we offer comprehensive support and personalized solutions to ensure our clients' success. Innovation and sustainability are at the core of our values. We firmly believe that exhibition design should be both aesthetically appealing and functional. Therefore, we continuously push boundaries, introducing innovative concepts and design elements to create distinctive and attention-grabbing booths. Furthermore, we are committed to environmental sustainability, using eco-friendly materials, promoting energy conservation, and carbon reduction measures to minimize our impact on the environment. We provide a range of exhibition services, including booth design and construction, exhibit installation and arrangement, project management, and on-site support. We collaborate closely with our clients, understanding their needs and objectives, and delivering tailor-made solutions based on their brand image and market positioning. Our professional team will assist clients throughout the entire process, ensuring smooth execution of the exhibition and enabling them to achieve optimal results. WanJiang Exhibition adheres to the principles of "continuous improvement" and "service excellence," aiming to provide high-quality exhibition services to our clients. Our goal is to help clients enhance their brand influence, expand business opportunities, and establish a solid reputation in the exhibition industry through outstanding display effects and exceptional customer experiences. If you are considering participating in an exhibition or in need of display solutions, we invite you to contact us. We will provide professional advice and comprehensive support to ensure your success at the exhibition. Thank you for your interest and support in WanJiang Exhibition! JS Exhibition is a whole value chain services company in the exhibition and showcase industry. Our company provides image-building, business exhibition, theme exhibition hall design, design, planning and implementation of display and road show for the brand customers. JS Exhibition was founded in Germany in 1968. With the development and opening of the Asian economy, JS Exhibition began to enter the Asian market in 1993 and set up the Asia Pacific headquarters in Shanghai, China, which has further expanded the market size and business chain of JS Exhibition in the Asia Pacific region. In 2008, the German headquarters of JS Exhibition moved to Los Angeles, the USA. The company has developed from a traditional exhibition booth builder to an international supplier that provides whole value chain services for brands.
