The picture shows the actual scene of the last five event venues, for reference only. For the configuration of the supporting event venues in this session, please refer to the "List of Supporting On-site Event Venue Resources and Configuration List of the 6th China International Import Expo".

The background is a solid blue color. It features several faint, light-blue circular patterns. Some of these circles have tick marks and numbers, resembling a protractor or a clock face. There are also dashed lines and arrows indicating movement or flow. In the lower right quadrant, there is a complex network of thin lines connecting small dots, forming a mesh-like structure that resembles a globe or a network diagram.
