Form 2: Application for Activity within Booth

Important Notes

1. On-site activities shall adhere to the principles of “safety first” and “the sponsor takes responsibilities”. The area for the on-site activity is only limited to the range within the activity space. If exceeding the scope of the designated space, in order not to affect the rights of other exhibitors and public safety, the on-site activity may be suspended or stopped.
2. When filling in, please ensure that the above information is true, correct and complete. If the above content is found inconsistent with the on-site situation, or if the on-site safety supervisors discover safety problems in the course of the activity, the organizers have the right to request rectification. If the circumstances are serious, the organizers may order the exhibitor to stop the activity. All losses and consequences will be solely borne by the exhibitor.
3. The application form for the on-site activity will be reviewed by the organizers together with the government safety supervision department.
4. According to the Regulation on the Safety Management of Large-scale Mass Activities, an activity of a scale of more than 1,000 people or with the participation of influential public figures is defined as an important activity and subject to strict reporting and approval. And the organizers shall provide additional materials related to the activity including, but not limited to, the Work Program for Activity Safety, the Planning/Effect Map for the Site Layout, the Program for the Composition of Participants, the List of Participants and the Agenda for Activity.

Safety Responsibility Commitments

1. The company undertakes to strictly abide by the laws and regulations of the People's Republic of China, as well as the relevant safety policies and requirements for the China International Import Expo, and to apply for and organize on-site activities of the China International Import Expo lawfully and civilly.
2. The company will adhere to the principle of “safety first” during application and organization, take the initiative to investigate and eliminate all potential safety hazards, and ensure the safety of the process and content of the activities.
3. The content of the activity will conform to the theme of the China International Import Expo, and all contents that may affect China's international image and the image of the China International Import Expo will be avoided.
4. The person in charge of safety for the company is the first person responsible for the safety of the activity.
5. The materials for activity application submitted by the company will be absolutely true and free from fraudulence and concealing of facts.
6. The company will carry out relevant activities in strict accordance with the contents that have been reviewed and approved. During the holding of the activities, if the content of the activity is inconsistent with that examined and approved, on-site safety supervisors have the right to order rectification.
7. The company will actively cooperate with on-site safety supervisors to implement relevant security measures, accept supervision and obey command. The company will complete material correction or supplementation and activities rectification within the prescribed time limit. If it fails, leading to the failure of the activities and causing losses and adverse consequences, the company will bear all responsibilities.

Letter of Commitment

To ensure safety, our company hereby pledges to observe the following regulations and take responsibility for the security of any matters related to indoor and outdoor booth set-up, decoration, demolition and maintenance during the move-in, the Expo and the move-out:

1. Our company pledges to conscientiously observe the guidelines and policies related to safety production and fire safety issued by relevant departments of the People's Republic of China and Shanghai Municipality and strictly execute all the related regulations, rules and provisions, including Fire Control Law of the People's Republic of China, Code for Fire Prevention in Interior Decoration and Design, Requirements on Fire Safety in Key Organizations, Code for Fire Prevention in Exhibition Buildings and Exhibition Design, Production Safety Law of the People's Republic of China, Regulations on the Reporting, Investigation and Disposition of Work Safety Accidents, and Regulations of Shanghai Municipality on Safe Production.

Form 13: Special Booth Safety Responsibility Letter

2. Our company pledges to strictly observe relevant rules and requirements of the Organizers and the venue, including Exhibitor's Manual, Pre-Expo Notices, Move-in Notices, Safety Precautions, On-site Notices and National Exhibition and Convention Center (Shanghai) User's Manual. In addition, we will cooperate with government departments concerned, Organizers and the venue regarding their supervision, inspection and management.
3. Our company pledges to offer our entire field staff safety education and training sessions, assign a special staff for the fire safety and safe production matters at our booth, strengthen our on-site security inspections and management and implement the safety accountability system.
4. Our company pledges to observe relevant national construction rules and regulations and guarantee that all our site operation workers and special operation workers hold corresponding operation qualifications or work licenses. In addition, we will take all the necessary safety precautions, including safety helmets for workers and safety belts for working at heights.
5. Our company pledges to strictly observe fire and explosion prevention regulations. All our decoration and finishing materials for booth set-up will be non-flammable or flame retardant (with a burning behavior class of at least B1) and none of our building materials at the site will be flammable or explosive materials, including elastic fabric, straws and bamboo, etc. Flammable materials, such as timber structure, will be treated with fire retardant and massive use of timber structure will be avoided. We guarantee that our personnel will not smoke in the venue or bring flammable or explosive objects (such as paint, thinner and paraxylene, etc.) into the venue. We pledge not to use naked flame, electric stove or welding in the venue or use finishing materials and facilities clearly defined as obsolete by national regulations.
6. Our company pledges to be compliant with operation requirements, observe safety regulations, equip ourselves with adequate fire-fighting equipment, and guarantee that no temporary structure or exhibit will impede the fire-fighting system, air vents, outlets or monitoring system or occupy fire exits or public passages so as not to obstruct any doorway of the venue.

Upon voluntarily signing the Letter of Commitment to the Safety of Special Booths, our company pledges to take full responsibility for the safety of booth set-up materials, construction, structures, etc., and take full responsibility for any consequence caused by construction, safe production or fire safety issues and the resulting legal and economic obligations. In case of any breach, our company pledges to take appropriate measures, including shutdown and rectification, as per the requirements of Organizers, the venue and government departments concerned. In addition, we will take full responsibility and compensate for any damage.

Application Content					
Based on our actual needs, we need to charge NEVs displayed on our booth during the exhibition. The charging requirements for the vehicles are as follows:					
S/N	Vehicle Model	Quantity	Charging Power	Charging Date	Charging Duration
1					
2					
3					
4					
5					

Form

Form 20: Application for NEV Charging and Related Safety Commitment

Application and commitment:

1. A dedicated line for charging NEVs has been incorporated into the booth's electrical design in advance. The designed wiring and circuit breaker meet national standards and are capable of handling the maximum power required for charging the vehicles on display.

2. Line installation will be conducted in strict accordance with professional specifications, and appropriate engineering measures will be employed to guarantee the stability and reliability of the completed line.

3. We will use charging equipment specifically designed for the exhibited vehicles, ensuring it meets all relevant regulations and standards. No third-party manufactured charging equipment or portable chargers will be used.

4. We will strictly follow safe charging practices and charge within the approved charging time window to ensure the safety and reliability of the charging process.

5. During the charging period of the vehicles on this booth, we will entrust the security guard service to the property management unit of the exhibition venue (Shanghai Lujiazui Property Management Co., Ltd.). We will not hold the relevant parties responsible for any losses caused by normal fire extinguishing work by the security guards during the guard period.

6. We will be fully responsible for any personal injury or property damage that occurs during the charging process of the vehicles on this booth or due to other reasons of this booth itself.
