Pinbang Advertising, a leader in the industry, integrates online and offline resources to provide clients with one-stop solutions encompassing exhibition, event marketing, and brand promotion. Since its establishment in 2006, we have established long-term partnerships with leading enterprises across various industries such as Mitsubishi Heavy Industries, Epson, Omron, Kao, Orion, Eli Lilly, EY, Iveco, Huawei, Fosun, and Bailian. Our expertise spans energy conservation, industrial equipment, AI, beauty and personal care, coffee and alcoholic beverages, FMCG, affordable luxury jewelry, medical devices, finance, and logistics. Located within the CIIE venue, we have managed finely-tuned exhibition stands for hundreds of global exhibitors across seven consecutive CIIE sessions, earning wide acclaim and multiple awards for our innovative service approach. At the CIIE Country Exhibition, we successfully facilitated approximately 25 countries, regions, and international organizations, including WTO, Cuba, Iran, and Cameroon, to make spectacular appearances, earning unanimous praise from each country.

Shanghai Up Culture Development Co., Ltd. is committed to providing one-stop comprehensive solutions by highly integrating culture + technology with creativity. The company is the administrative committee of Shanghai Advertising Association and a council member of Shanghai Convention & Exhibition Industries Association. We have provided one-stop planning, design and construction and operation services for China Flower Expo, World Artificial Intelligence Conference (WAIC), China International Industry Fair (CIIF), Yangtze River Delta International Cultural Industries Expo (iCiE), China (Shanghai) International Technology Fair (CSITF), Tech G, Appliance & electronics World Expo (AWE), International Low Carbon Conference (ILCC). The company adheres to the principle of customer-first, and is committed to empowering brand evolution and upgrading. With the new concept of the combination of culture, technology and creativity, we empower the cultural connotation with innovative multimedia digital technology and present exhibition integrated solutions with more visual impact. We want to make the mundane neighborhoods and architectural spaces become mobile art galleries, and interact with scenes in an in-depth way to bring the ordinary space to life. Life and art intermingle to create a deep immersive experience.

Shanghai Jiashi Display Co., Ltd. is an exhibition service provider featuring services involving the full value chain. The company provides brand customers with such services as image building, the design and display of trade fairs and themed exhibition halls, and the design, planning and execution of roadshows. Jiashi International Co., Ltd. was founded in Germany in 1986. As the Asian economy keeps developing and opening up, Jiashi International Co., Ltd. entered the Asian market in 1993 and established its Asia-Pacific headquarters in Shanghai, China, to further expand its market share and business chain in the Asia-Pacific region. In 2008, its headquarters was relocated from Germany to Los Angeles, the United States. The company has developed from a traditional booth builder to an international supplier featuring excellent exhibition services for brands covering the full value chain.

DESHINE (Beijing) International Exhibition Co., Ltd. is founded in 2005. With nearly 20 years of experience in the exhibition industry, we hold the first-level qualification in exhibition display engineering awarded by the China Association for Exhibition Centers, as well as the first-level qualification in integrated design and construction of exhibition engineering. We are also recognized as a national high-tech enterprise and have also obtained international ISO 9001, ISO 14001 and OHSAS 18001 certifications. In 2023, we were awarded the Top 50 Exhibition Engineering Enterprises in China. Over the years, our company has accumulated extensive experience in the field of cultural creativity, including permanent exhibitions, venue operations, special booth construction, PR activities, brand strategies, and digital multimedia. DESHINE has been serving the CIIE since its inception in 2018. At the first CIIE, we provided service for the Vietnamese Pavilion and won the Green Booth Bronze Award awarded by the Organizing Committee. Subsequently, we have also provided services to countries such as the UK, Russia, Costa Rica and Vietnam, and national and international brands such as Hebei Commerce, Royal Caribbean, Intel, Raymay, Durex, China Construction Science and Technology Group, National Energy Conservation Center, and China Telecom.

Beijing Unite-Idea Advertising Co., Ltd. (Unite-Idea) is subordinate to China Machinery Industry International Cooperation Co., Ltd. (Sinomachint) and is a wholly-owned subsidiary of Sinomachint. It provides professional exhibition services throughout the whole industry chain such as exhibition venue operation and management, event sponsorship, exhibition engineering (design and production of corporate showrooms and museums), film and television production, graphic design, advertising agency, etc. At present, venue operation and management and special booth construction are our main businesses. Venue operation and management mainly involve providing organizers of the exhibitions with services such as submitting pavilion/booth plans for approval, traffic management, logistics management, security management, construction management of set-up and take-down, safety supervision and management, etc. With an annual average area of special booth construction of nearly 50,000 square meters, Unite-Idea has been a shortlisted contractor for large-scale exhibitions such as the Western China International Fair and China International Agricultural Machinery Exhibition for years, and a frequent contractor of the special booths of well-known overseas exhibitions such as SIMA Expo in France and BAUMA in Germany.

Since its establishment in 2004, Bes's business scope covers exhibition and display planning and design, operation and implementation, construction, maintenance, touring, and warehousing and we have obtained related professional construction qualifications and patent certificates. With a professional technical management team and a stable upstream and downstream supply chain, Bes has been delving into the industry deeply and has established an experienced and mature project management and implementation team. We can independently undertake businesses involving production and management throughout the whole process of the three major auto shows in China. We have successfully organized and implemented hundreds of large-scale auto shows and were the constructor of the Hyundai & Kia joint booth of the auto pavilion in the previous 7 sessions of CIIE, which have won the high recognition of clients. In addition to the Chinese market, we are also expanding the overseas market and cooperating with Korean multinational enterprises. We have branches and business partners in major cities such as Hong Kong, Beijing, Shanghai, Chengdu, and Qingdao. With a wealth of experience, we are eager to provide our clients with a full range of comprehensive services.

Beijing Mengtuo International Culture Media Co., Ltd. was founded in 2011. It is located at the media industry corridor of Dingfuzhuang in one of Beijing's central business districts. "Mengtuo" literally means alliance and pioneering in Mandarin. With branches in Shanghai, Guangzhou, and Chengdu, it is a comprehensive service provider that focuses on large-scale exhibitions and displays, conferences, and event planning. With client satisfaction as the corporate purpose and being innovation-oriented, we continuously integrate resources and form alliance among diversified fields to enhance the quality of our one-stop exhibition services with the concept of "exhibition+". The company has passed ISO9001 Quality Management System Certification and ISO14001 Environmental Management System Certification, Occupational Health and Safety Management System, and the enterprise credit ranking of AAA. We are a council member of the China Exhibition Construction Engineering Specialized Committee and have obtained the first-level qualification of exhibition engineering by China Association for Exhibition Centers. Adhering to the principle of "forming a strategic alliance and seeking innovation and development", we strive to facilitate the integration of resources and channels to provide a full range of services of branding, image displaying, and realizing market expectations for our corporate clients. At the same time we will continue to seek partners through alliances and cooperation, innovation, and development. We are looking forward to becoming your next "ally"!

Founded in 2001, Shanghai Autumn Advertising Co., Ltd. is making every effort to provide clients with one-stop convention and exhibition services. From planning and designing to construction and implementation, our services cover conference planning, exhibition and display design, venue decoration, audio-visual equipment rental, simultaneous interpretation support, and other related services. Over the past two decades, we have undertaken conferences and exhibitions of various scales and types, including international summits, industry exhibitions, and suppliers' conventions where our professional services have been highly evaluated by our clients. With our rich resources in the Chinese market and a network of business partners, we are able to ensure that every convention and exhibition event runs smoothly and achieves the desired results. In addition, our team is fluent in English and Chinese and can easily meet clients' cross-cultural communication needs. Whether you are seeking better brand recognition or more market influence, we would like to be your dependable business partner. Feel free to contact us and let us create the next successful convention or exhibition event together.
