CHINA INTERNATIONAL IMPORT EXPO

Dear friends from the press,

The Ninth China International Import Expo (the "CIIE") will be held at the National Exhibition and Convention Center (Shanghai) from November 5 to 10, 2026. Welcome to sign up for the coverage of the ninth CIIE.

The Media Center is located at A0 Office Building of NECC (No. 1988, Zhuguang Road, Qingpu District, Shanghai). It is the home open to domestic and foreign journalists covering the event from November 3 to November 10. We will do our best to offer services to facilitate your reporting activities during the CIIE. We will also keep updating useful and detailed information through the official website of the CIIE (www.ciie.org), the "Online News Center", the Media Center Service Applet, and other channels. You are welcome to give us your feedback. Do feel free to let us know your suggestions.

Hope you a great time during your stay in Shanghai!

Shanghai Basic Facts 2026

The China International Import Expo (hereinafter referred to as the CIIE) is a major initiative personally planned, proposed, deployed, and advocated by President Xi Jinping. It represents a major decision by the CPC Central Committee to advance high-standard opening-up in the new era and serves as an important initiative for China to open its market to the world. It is an important measure taken by China to proactively open its market to the world, and a practical action to promote an open world economy and to support economic globalization.

Hosted by the Ministry of Commerce of the People's Republic of China and the Shanghai Municipal People's Government, the CIIE is organized by the China International Import Expo Bureau and the National Exhibition and Convention Center (Shanghai) Co., Ltd. In accordane with the general requirement on "hosting a better CIIE", the CIIE has continuously improved its exhibition standards and expanded its global impact. By fostering connectivity between China and global markets, integration of industries, mutual promotion of innovation, and alignment of

rules, CIIE has become a showcase for the new development paradigm, a platform for advancing high-level opening-up, an effective enabler of high-quality development, and a prominent stage for multilateralism. Its four core functions—international procurement, investment promotion, cultural exchanges, and open cooperation—have become increasingly prominent; its role as an international public good has grown increasing significant and earned widespread acclaim worldwide.

The ninth CIIE, comprising the Country Pavilion, Corporate Pavilion, Hongqiao International Economic Forum, and supporting events, will take place in Shanghai from November 5 to 10 this year. We sincerely welcome government officials, business communities, exhibitors, and buyers across the world to participate in CIIE, exploring opportunities in the Chinese market and fostering mutual success.

The Media Center provides registered journalists with free on-site downloading service for official images. Please apply for relevant services at the Official Image Center.

Radio Communication Management and Services

During the CIIE, organizations or individuals (including registered journalists) that need to use radio transmission equipment (wireless cameras, walkie-talkies, wireless microphones and so on) in the Media Center and exhibition areas must apply to Shanghai Municipal Commission of Economy and Informatization (Shanghai Radio Administration) in advance and go through the relevant formalities.

Registered journalists should enter the Online News Center to download and fill out the Radio Frequency Declaration Form of the China International Import Expo and submit it to the mailbox (fengtb@sheitc.sh.gov.cn) for application.

Press Conferences

During the CIIE, a number of press conferences will be held in the Media Center.

Registered journalists can find detailed information about the press conferences and sign up through the Online News Center of the CIIE, and the Information Desk on the 1st floor of the Media Center.

Interview Services

During the CIIE, the Media Center will roll out a series of interview programs, including "Face-to-Face with CEOs" and "My Time at CIIE." Domestic and international journalists will be invited to interview senior executives of overseas exhibitors, or interview foreign residents in Shanghai on their experience of CIIE. On-site translation services will be provided.

The Media Center will also arrange off-site reporting routes focusing on the economic and social development of Shanghai both in Chinese and foreign languages.

Registered journalists of the CIIE can sign up through the "Online News Center" or at the Information Desk on the 1st floor of the Media Center.

Cultural Exhibitions and Performances

• Book Introduction and Complimentary Distribution

Book Introduction and Complimentary Distribution is on the 2nd floor, offering complimentary copies of books reflecting Xi Jinping's Thought on Socialism with Chinese Characteristics for the New Era, Shanghai to Build the Best Practice Area of Xi Jinping Thought on Culture. Books and audio-visual products themed on Shanghai's urban culture, economic development, and social construction are highlighted, showcasing the achievements of Shanghai's high-quality development and its excellent urban image.

Cultural Exhibitions and Performances

• Meet Intangible Culture Heritage

Meet ICH creates an immersive experience of intangible culture heritage of Shanghai in life-based and fashion-based manner.

Through the exhibition of Shanghai's traditional fine arts and crafts with profound cultural accumulation and unique aesthetic style, as well as colorful and interesting interaction with the intangible culture heritage, it demonstrates the achievements in the ICH protection and application in modern life as well as the charm of the ICH of Shanghai.

• Shanghai Collection

Shanghai Collections brings together cultural classics and the distinctive character of Shanghai under the theme “Gathering Cultural Classics, Showcasing Shanghai’s Charm.” By combining books with cultural and creative products, the exhibition offers visitors a closer look at the city’s cultural heritage and contemporary life.

The exhibition features selected foreign-language titles from the “Cultural China” series, presenting China’s fine traditional culture through books on art, history, and traditional crafts from a Shanghai perspective. It also showcases cultural and creative products inspired by popular city IPs, bringing urban memories and creative ideas to life through products that reflect Shanghai’s local character and everyday culture. Through the interplay of tradition and modernity, Shanghai Collections invites Chinese and international journalists to discover the richness of Chinese culture, explore the stories that shape Shanghai, and experience the distinctive charm of Haipai culture.

• Art Stage

The Art Stage aims to build a platform for Shanghai's urban culture and art. It will invite outstanding native and foreign artists and groups to give wonderful performances.

Unique characteristics of Shanghai will be introduced, presenting the diverse charm of Shanghai's art and the city's multicultural atmosphere.
