Global Economic Rebalancing: Smooth Trade, Industrial Collaboration and Inclusive Development

Date: 14:00-16:00, November 5, 2026

Venue: Room C002

Hosts: Ministry of Commerce of the People' s Republic of China
International Trade Centre(ITC)

Co-host: Renmin University of China

Organizers: Chongyang Institute for Financial Studies, Renmin University of China (RDCY)
School of Global Leadership, Renmin University of China (SGL)

Program:

The foundation for global economic recovery remains fragile. Growth divergence and trade tensions compound one another; fragmentation of global trade and industrial competition have risen markedly, while geopolitical conflicts and policy uncertainties continue to create disruptions. This sub-forum will bring together guests from governments, academia, international organizations and global media. Centering on unimpeded trade amid global economic rebalancing, competition and cooperation under industrial coordination, as well as core themes including trade facilitation, industrial chain resilience, digital economy security, inclusive development and global governance cooperation, the forum will offer new ideas and solutions for fostering a new framework of open, inclusive, beneficial, balanced and win-win international economy and trade.
