#### Company Profile

RIMS Expo Corp., Ltd. (Symbol: RIMS NEEQ:871982), a full-service company based on client demand and online strategy, focuses on the field of exhibition, and takes offline experience as core. The company is committed to making pragmatic annual strategy and marketing tactics according to the clients' brand strategy and sales target.

RIMS is located in Wuhan, the hinterland of the Central Plains, with convenient transportation conditions.

Its own factory covers an area of 30,000 square meters, with standard production, pre-construction and warehousing facilities as well as advanced production and processing equipment. Over the years, RIMS has trained a group of experienced management teams and skilled technical teams, with 80% of team members serving the exhibition industry for over one decade.

From 2012 to 2017, during merely 5 years, RIMS has soon become one of the leading exhibition service providers in China, and one of the first companies in the industry certified by the ISO9001:2008 Quality Management System. Besides, RIMS has obtained the first class certificate of exhibition & display engineering design and construction integration, and the first class certificate of exhibition engineering issued by China Association for Exhibition Centers. In January 2016, the shareholding reform of the company was completed, and RIMS has formally become a NEEQ-listed company in 2017, which is the first exhibition enterprise in Hubei Province to make such achievement.

At China International Import Expo 2018, RIMS carried out the production and construction of three national pavilions and seven enterprise pavilions, including the UK Pavilion and the Finnish Pavilion, which won the second prize of green booth of national pavilion at the first China International Import Expo, receiving high appraisal from the clients.

#### Company Profile

Shanghai Modern International Exhibition Co., Ltd. is a professional exhibition enterprise affiliated to East Best & Lansheng (Group) Co., Ltd. It is the first exhibition host enterprise certified by ISO9000 International Quality Management System in China, the vice president unit of Shanghai Convention and Exhibition Industries Association, and joined UFI (Union of International Fairs) in 2004 and became a full member. It has the First-class Certificate of Exhibition Engineering Enterprise issued by China Association for Exhibition Centers, the First-class Certificate of Exhibition Engineering Enterprise issued by Shanghai Convention and Exhibition Industries Association, and the First-class Certificate of the First Batch of Hosting (Undertaking) Organizations in Shanghai convention and exhibition industries.

The company is mainly engaged in hosting & undertaking exhibitions and organizing exhibitions. Since its establishment in 1993, the company has cultivated a number of industry brand exhibitions: Shanghai APPPEXPO, International Green Architecture and Construction Materials (Shanghai) Expo, Shanghai International Lighting Technology and Equipment Exhibition, which have all been certified by the Union of International Fairs (UFI).

In addition, the company is unique in the field of exhibition. It has successively participated in the bidding for Shanghai World Expo and previous World Expo projects, and served as the general contractor of touring exhibitions at Shanghai World Expo. It was selected as the recommended service provider for Shanghai World Expo, undertaking a number of exhibition general contracting projects.

After the World Expo, the company has undertaken the exhibition projects for Shanghai World Expo Memorial Exhibition, Yeosu World Expo Museum, Milan World Expo Museum, and the only world-class museum built in Shanghai - the World Expo Museum; undertaken influential large-scale exhibition projects such as "China Brand Expo", China Cultural Center Exhibition Project in Brussels, Belgium, China Art Palace Exhibition Project, and "Mass Entrepreneurship and Innovation" campaign week.

The company had the honor to participate in the first China International Import Expo and successfully completed various service tasks. It was mainly involved in the site construction and operation of National Pavilion of Poland, National Pavilion of Nepal, CCTV studio, Diamond and Gem Elite Pavilion, as well as the design and construction of 28 enterprise pavilions, including the Fortune Global 500 companies and leading enterprises in the industry.

Modern International is looking forward to extensive exchanges and cooperation with people inside and outside the industry.

### Company Profile

Founded in 1961, Syma Holding AG took the lead in introducing a booth built of "combined" aluminum, which is designed and arranged in a variety of ways with simple aluminum. At the same time, Syma has been trying to find sustainable solutions for materials, flexible management and research and development, reusable new aluminum exhibition materials, and reduce the amount of waste produced in the construction phase by selecting recyclable materials as much as possible. Shanghai Syma-Expo Ltd. was established on July 13, 1993, mainly engaged in exhibition engineering design, production, craft decoration, conference service, exhibition service, enterprise image planning, exhibition equipment rental, and tools processing and sales of its own products, etc. The first China International Import Expo, which attracted worldwide attention, was successfully held at the National Convention and Exhibition Center (Shanghai) from November 5 to 10, 2018.

The company actively participated and was honored to be one of the designated contractors. A special working group was set up for the Expo to ensure its smooth process. After over 340 days of common efforts, Syma was committed to the success of the Expo with the world-leading creative team, excellent professional construction technology and high quality service. Thanks to the location advantages and rich customer resources, we have undertaken design, construction, distribution, operation and maintenance of more than a dozen booths covering fields of automobile transportation, medical health, financial services, engineering construction and so on in the national pavilions and the enterprise pavilions.

#### Company Profile

The pioneer in China's exhibition industry

Since its establishment in 2000, SUNSHINE has provided overall professional solutions for exhibitions, planning halls, museums, memorial halls, city exhibition halls, cultural centers, libraries, science and technology museums, theme pavilions, enterprises and industry exhibition halls, and sales centers.

In the past 19 years, SUNSHINE has witnessed great development and established branches in various provinces and cities, and obtained a number of special qualifications. It has a senior team consisting of more than 70 professionals and has completed hundreds of large-scale projects. To date, with a service scope covering the whole country, the company has made achievements in more than ten provinces and municipalities.

With a pragmatic and stable business strategy, the company adheres to the business philosophy of "pursuing excellent quality" based on its strategic advantage in talents aiming to provide customers with international, artistic, process-oriented and profitable value-added creative services.

18 Years of Glory, 18 Years of Fighting, 18 Years of Efforts

Founded in 2000, SUNSHINE is a "diversified" comprehensive exhibition service enterprise. Its business covers exhibition planning, investment attraction and exhibition organization, construction, home field service and conference organization, integrating planning, design, production, installation and R&D. It is one of the few "one-stop" service companies that do not need to outsource.

Based on the principle of "Creating Classics and Pursuing Excellence", the company desires to provide the best and perfect service, trying to deliver high-quality project outcomes for customers, and enabling customers to enjoy the beauty of the exhibition while obtaining the maximum economic benefit as well as social value.

**Company Profile**

With the trend of economic globalization and the deepening of cooperation among countries, the convention and exhibition industry is playing a more and more important role in a country's economic development and has therefore become the synonym for city name card and city economic propeller. Riding the tide of reform, Shandong Xi Exhibition and Exhibition Service Co., Ltd. directly communicates with global economy with professionalism and services. From entering the industry in 2008 to establishing subsidiaries today, Xi Exhibition has always been practicing the company philosophy of "advocating innovation, being efficient and professional and being strict about details". Xi Exhibition, with a professional design team and convention and exhibition planning elites, offers institutions and enterprises with custom practical services that reflect their characteristics and connotation. In the meantime, Xi Exhibition has a professional manufacturing workshop and a professional construction team who strictly controls engineering and product quality, as well as cooperative factories in major cities nationwide to provide onsite manufacturing service. The Decoration Engineering Department has, with high-level professional design and high-quality manufacturing that are shown in the whole process from decoration design and selection and matching of finishing materials to decoration construction and maintenance, won customers' praise and trust. The Convention & Exhibition Service Department has, with the lowest cost, the optimal design and the best results, been designated by many large exhibitions as the booth constructor and main venue service provider. The Advertising and Planning Department, which has gathered a group of professional talents with high qualities, offers customers with the best exclusive plan. Xi Exhibition will, with the Expo as the opportunity, own design as highlights, execution as the power, professional services as the support and "providing customers with the best services" as the mission, devote all its love for the industry to its work, make every design a breakthrough and every work a classic.

## Company Profile

Yizhan's founder entered into the convention and exhibition industry in 2001, and developed green, environmentally-friendly booths in 2011.

In 2017, Yizhan obtained the EIA certification of the government of Jinshan District. Yizhan is now located in Shanghai Jinshan Industrial Zone. Yizhan has introduced German exhibition equipment and technology, which have improved booth quality and significantly reduced booth costs. Our modern mechanical numerical control woodworking shops can ensure booth quality and efficiency. Yizhan's philosophy is consistent with that of the China International Import Expo. Yizhan is committed to constructing environmentally-friendly special booths that combine wood and aluminum. Yizhan aims to make booths easier, more convenient and environmentally friendlier.

"A good design is a simple design". Exhibitions are used for vivid experience of exhibits.

## Company Profile

Beijing Yiqianqiu Group was founded in 2004. At the beginning, the Group had been providing construction and service to large listed companies, advertising companies, governments and state-owned enterprises. To meet the demands for expansion of business scope, in 2018 Beijing Yiqianqiu Building Decoration Co., Ltd. was founded. In 2013 Beijing ArtAeon International Expo Co., Ltd. (ArtAeon) was established, which then set up branches in Guangzhou, Shanghai, Shanxi, Shandong and Harbin successively and established strategic partnership in Wuhan, Tianjin, Chongqing and Xi'an. ArtAeon has successfully provided relevant design and services to top brands in domestic and international conventions and exhibitions. Those brands include Kerui Petroleum, CRRC, Sinopec, Tsinghua Tongfang, Huawei, Mercedes-Benz, BMW, Audi, Haier, Panasonic and Sony.

After more than a decade's development, ArtAeon has gathered graduates from domestic specialized institutions such as the Central Academy of Fine Arts and excellent managers in the industry with more than eight working years, totaling 36 people. ArtAeon has over 320,000 square meters of production factories in Beijing, Shanghai, Guangzhou, fixed construction team of over 170 people, and 48 specialized technicians. ArtAeon has the highest qualifications in the industry including Class I qualifications for display engineering and Class I qualifications for integration of design and construction issued by the China Association for Exhibition Centers, as well as the ISO9001 Quality Management System Certificate and Environmental Management System Certificate. ArtAeon has won the service qualification as a designated constructor and the honor of "Excellent Design and Construction Unit" many times in large conventions held by the state and local governments.

In 2016, to meet business development needs, with many years' deep involvement in the Chinese convention and exhibition industry, ArtAeon adjusted its strategy to building a "customization expert in the convention and exhibition industry". We will make unremitting efforts with unique "craftsman's spirit" to build a world-class professional team.

## Company Profile

UDEXPO International, a controlled subsidiary of UTour Group (stock code: 002707), is a professional convention and exhibition service brand that focuses on global high-end convention and exhibition design and construction demands and has a macro vision for integrated marketing.

Strengths:

Business scope gathering global wisdom and fine collaboration.

We understand very well and master the best quality standards and technological process for global exhibition construction services.

A management team with comprehensive capability and leading thinking.

Our core management team members have 15 years' global operation experience, an international vision and comprehensive operation management capability.

Considerate, wholehearted and customer-oriented.

"Sense of responsibility+active service awareness" is the code of conduct and awareness that we have always been upholding.

Whole-process, flexibly controlled service coverage.

We have seamlessly linked service content including creative planning, visual presentation, spatial structure, manufacturing, construction and comprehensive maintenance, which can fully meet all kinds of construction demands of exhibitors around the world.

We are ISO9001:2008 certified, and a core member unit of the China organization of OSPI, the largest convention and exhibition constructors' organization in the world.

We have a domestic self-run factory and a number of overseas manufacturing and storage bases that meet international standards and comply with local situations. We are an innovation-oriented professional exhibition service enterprise with comprehensive service capability and strength.

Service content:

UDEXPO International's "Chuanxi" full service system is a strong professional system that offers comprehensive integrated services to end customers after regulating multifarious specific exhibition demands through professional management and industry experience. It includes six major service modules, namely, brand marketing support, advertising creativity and works, visual application design, exhibition and display engineering, PR activity execution and mobile app development. Through the system, UDEXPO International has provided perfect service process and results to many domestic and international enterprises and brands.

#### Company Profile

"I"-Rhine is the longest river in Germany and Western Europe. The part of the Rhine in Germany measures 865 kilometers in length, and the catchment area accounts for 40 percent of Germany's total area. It is also known as the cradle of Germany.

"S"-At the head of Cape Roca there is a monument with a cross atop. The inscription on the side is a well-known quote from the famous Portuguese poet Luís de Camões (1524-1580), which says, "Here the land ends and the sea begins".

Founded in 2009, Shanghai IS Exhibition Services Co., Ltd. is subordinate to ADM Germany GmbH with a history of 40 years (a member of Shanghai Convention & Exhibition Industries Association). With the precise style of Germany and the artistic gene of the European Renaissance, we have gone beyond customers' imagination and created a new start for dreams. The pronunciation of our name represents our modesty and non-discriminatory service. We are committed to offering customers one-stop solutions and 85 percent of our customers are world-renowned enterprises. By December 2018, we had been certified by enterprises like Covestro, Voith, Milliken & Company, Bosch, TRUMP, Siemens, Huawei and Haier.
