

4 SHIPPING GUIDELINES

1 Shipping Services and Agreement

- Welcome to China International Import Expo. The Organizers have designated five official forwarders to offer shipping services for the exhibits at home, handle business concerning the exhibits shipment and documents, and to provide clearance, shipment, storage, and on-site exhibition-related services. In the meantime, the Organizers recommend China COSCO Shipping Corporation Limited as the service provider of international shipping to undertake the transport services of exhibits at abroad. To ensure a successful exhibition, the exhibitors should arrange their shipments according to the provisions in this Shipping Guidelines and contact on their own initiative the official forwarders before the shipment of exhibits.

2 The Contact Information of Forwarders

2.1 Designated Official Forwarders

3 Shipping Guidelines on International Exhibits

- International exhibits refer to those that originate from countries and regions (including Hong Kong, Macao, and Taiwan) outside the mainland China, and shall go through entry and exit inspection and quarantine as temporary imports or exports to participate in the CIIE.

3.1 Time Schedule

Time Schedule	Deadline for Document Submission	Deadline for Delivery
Sea Freight to Shanghai Port	Sept. 30, 2019	Oct. 15 - Oct. 20, 2019
Air Freight to Shanghai Pudong International Airport	Sept. 30, 2019	Oct. 15- Oct. 20, 2019
Rail Freight to Shanghai Railway Station	Oct. 5, 2019	Oct. 15- Oct. 20, 2019

Note: The arrival time of special exhibits (refrigerated, fresh, and perishable goods, etc.) should be confirmed with the official forwarders as early as possible.

3.2 Documents Required

- One original Bill of Lading
- One copy of Express Bill of Lading
- One copy of Air Way Bill
- One declaration of fumigation (IPPC) for wooden packing or non-wooden packing materials
- One List of Exhibits (LOE), statutory document examined and approved by the customs.
Please refer to Form 16 – List of Exhibits for details
- Packing List
- Other documents required for customs clearance

3.3 Consignment Instruction

- All the exhibits must be consigned in "Freight Prepaid" to the following consignees. The official forwarders will charge an outlay commission (10% of the freight) for the exhibits shipped with " Freight Collect ". The official forwarders will charge additional costs incurred due to wrong consignee details.

Note: Due to the limitations of the customs declaration system, each sea or air waybill should not contain more than 50 items. If there are more than 50 exhibits, please split the bill of lading. Exhibits of different exhibition halls should not be contained in one bill of lading.

3.4 Temporary Import

- For exhibits that meet the relevant regulations, China Customs allows the exhibits to enter into China on the basis of "temporary imports and exports". Unless otherwise approved by China Customs, temporary imports are generally allowed for storage for a maximum of six months from the date of arrival at the entry ports of China. Upon the expiry of the six-month period, the exhibits shall be re-exported unless duties and taxes are paid in the event of conversion to permanent import. ATA Carnet is accepted by China Customs, but for "Exhibition Purpose" only. ATA Carnet must be written in English and accompanied with an "ATA Carnet Letter of Authority" signed and stamped by the holder.

3.5 Late Arrival

1. The exhibits arriving after the deadlines as mentioned above will be subject to a 30 % late arrival surcharge on the basic freight.
2. In the event of late arrival, the official forwarders will make all reasonable endeavors to ensure delivery to the booth before the commencement of the CIIE, without making any commitment.
3. The official forwarders will also charge the late arrival surcharges in case the exhibits do not arrive at the booth as scheduled.

3.6 Packing / Case Markings

- All packages of shipments must be properly marked for identification upon arrival as follows:

CHINA INTERNATIONAL IMPORT EXPO 2019

Name of Exhibitor	:	_____
Booth Number	:	_____
Case Number	:	_____
Gross Weight/Net Weight	:	_____
Dimensions	:	_____

3.7 Printed / Publicity Materials/Consumables

1. In any publicity materials or related exhibits, it is forbidden to divide China or to violate Chinese laws and regulations in terms of words, images, audio and video, etc.
2. The Chinese Customs stipulates that all advertising materials (such as printed materials and souvenirs) and technical information materials in all media may be allowed for display or use at the CIIE only after China Customs has examined and approved them in the censorship clearance. The exhibitors are required to submit samples of promotional materials (2 copies each) and souvenirs (2 each) to the official forwarders with the List of Exhibits (LOE) no later than three months before the CIIE opens. All these materials and items shall be handed over to China Customs for examination and approval in advance.
3. Food without quarantine access, CD-ROM without import license and electronic products involving 3C certification cannot be consumed. Exhibition consumption of alcoholic beverages, tobacco, and fuel is fully taxed. Other consumables (such as gifts, souvenirs, and foodstuffs) that may involve import taxes and charges are subject to a margin equivalent to the tax charges collected by the main forwarder at the time of import, and the specific tax amount is determined by the Customs. For required customs clearance documents related to special items such as food and cosmetics, the exhibitors should contact with the official forwarders in a timely manner.

3.8 Hand-carry Exhibits

- The Organizers strongly recommend the exhibitors should not hand-carry the exhibits to China as China Customs may detain them at the airport. In case of such detaining, the exhibitors should promptly hand over the detention receipt issued by China Customs and the duly filled LOE to the official forwarders to go through clearance and loading at the airport. These exhibits shall then have to be returned through freight channel. The freight charges for the hand-carry items arriving at Shanghai airport shall be the same as charged by the official forwarders as those for the exhibits delivered by air, along with late arrival surcharges if applicable.

3.9 Overweight and Oversize Exhibits

- In case of the overweight and oversize exhibits (i.e. a single exhibit exceeds 3,000 kg in weight or 5 m * 2.4 m * 2.4 m in dimension), the exhibitor(s) shall come to the site as early as possible for uncrating and positioning. If a crane or a forklift is required for equipment installation, please notify the official forwarders as early as possible for earlier arrangement.

3.10 Outer Packing of Exhibits

- The exhibitors shall be responsible for the consequences of improper packing.
 1. Protection against Damage and Rain
As the exhibits undergo repeated loading and unloading during shipping, it is inevitable that they are subject to shocks and bumps. In addition, the exhibits may be placed outdoors many times, including the storage in the open air of the exhibition hall before and after the CIIE. Therefore, the exhibitors must take necessary precautions against damage or rain in advance. The Organizers will not assume any liability for any exhibits damage, especially when the return exhibits are to be packed with used packing materials (more often than not, the case as well as aluminum foil, plastic covers, etc., would have been already damaged during unpacking).
 2. Packing Case
The packing cases must be solid enough to avoid damage during shipping as well as unpacking, and in particular, be suitable for repacking the return exhibits and for their sale after the CIIE. Carton boxes are not suitable for repeated handling and shipment, especially for valuable and delicate equipment.
 3. Fumigation Rules in China
 - 3.1 The Chinese government requires that all entry shipments with wooden packing materials (WPM) (WPM herein refers to wooden materials used to carry, pack, pad, support and reinforce shipments, such as wooden case, crate, pallet, frame, barrel, wooden shaft, wedge, chock, sleeper and crosser etc.), must be handled by the enterprises and recognized by the plant inspection and quarantine authorities in the countries or regions of origin pursuant to the inspection and quarantine methods confirmed by China.

- 3.2 To ensure the WPM of all entry shipments is treated either by Heat Treatment (HT) or Methyl Bromide (MB) fumigation in the countries of origin, all WPM must be marked with the IPPC stamps as below that have been approved by the government plant inspection and quarantine authorities:

1. IPPC Logo (♣)
2. ISO country code (XX)
3. A Unique number assigned to the company (which carries out the fumigation procedure) by the national plant protection organization (000)
4. Fumigation method either HT - Heat Treatment or MB - Methyl Bromide (YY)

- To ensure smooth customs clearance, the exhibitor shall submit a declaration certificate of fumigation printed on the paper with the company letterhead of the exhibitor. Such certificate shall be attached to the original Master Airway Bill (for airfreight consignment) or enclosed with the original Bill of Lading (for sea freight shipments) or couriered to the official forwarders. The certificate must be prepared pursuant to the following template:

To:
 Name of exhibitor:
 Booth Number:
 Name of exhibition:
 Our exhibition materials for the above event, comprising xxxxx (insert the total number of packages with wooden packing) cases, have been fumigated at xxxxxx (name of origin port), carry the following IPPC logo and are marked with xxxxxxxx (state the exact Registered Fumigation Number i.e. XX-000 YY).

Authorized Signature
 Endorsed by company chop (stamp).
 Date.

- All entry goods with wooden packing materials without acceptable fumigation stamps or not complying with above requirements will be destroyed right on the spot by Chinese Customs or will not be cleared and returned forcibly.
- For entry shipment with non-wooden packing materials, the shipper must provide the effective certificate or declaration on non-wooden packing materials. The original of the certificate or declaration, chopped with the company stamp/seal and attached to the original Airway Bill or Bill of Lading, shall be submitted or couriered to the official forwarders.

3.11 Move-in Exhibits

- Exhibits will be generally delivered to the exhibition venue during the move-in days. The official forwarders will help the exhibitors with the move-in logistics including unpacking and temporary storage of empty cases (if the venue permits). Exhibitor(s) must be on site during the move-in period for supervision. Under some circumstances, the Customs may inspect the shipments without the presence of the exhibitor(s).
- Exhibitors' exhibits should be placed in the booth. The public areas inside and outside the exhibition hall do not have the storage conditions for exhibits. Exhibitors should plan the storage area reasonably according to the booth area.

3.12 Move-out Exhibits

1. Prior to the CIIE's closing, the exhibitors will receive a Return Shipment Instructions from the official forwarders to fill in on the basis of the List of Exhibits (LOE) provided at the time of the exhibits' entry into China. The exhibitors are required to advise the official forwarders if the exhibits will be re-exported, consumed or sold, as applicable, so as to make proper arrangement for the exhibits after the CIIE.
2. On the CIIE's closing day, the official forwarders will return the empty cases to the exhibitors and help them repack as applicable. In order to ensure a successful closing of the CIIE, those exhibitors with overweight and oversize exhibits may repack their exhibits the next day. Our on-site operation staff will inform the exhibitors of the exact arrangements.
3. In case of no receipt of the Return Shipment Instructions from the exhibitors, the official forwarders will turn all the exhibits left on site over to the customs for disposal. Any costs or expenses such as taxes incurred shall be borne by the exhibitors.
4. For the exhibits sold or given away free of charge to domestic companies, the exhibitors should go through import formalities and pay the duties according to the regulations of China Customs after the move-out. No exhibitor may move any exhibit out of the exhibition venue or the designated place under the supervision of China Customs prior to the completion of the import formalities. Otherwise the exhibitor will bear all legal liabilities arising therefrom.
5. Abandoned temporary-entry exhibits, bonded imported booth set-up materials and other items shall be reported to the Organizers and the official forwarders in advance. The exhibitors shall not dispose of any item on their own and shall hand them over to the official forwarders who will transfer the same to China Customs on the move-out day.
6. All exhibitors should keep in proper custody the exhibits and may still pay the duties to China Customs for any lost temporary-entry exhibits.
7. The exhibitors shall pay special attention to the following customs regulations:
 - 1) Items other than declared exhibits during entry (e.g. personal effects or souvenirs bought within the border of China) may not be re-exported along with the exhibits.
 - 2) Violation of the aforesaid will result in confiscation or heavy fines imposed by China Customs.

3.13 Returning/ Sold Exhibits/ Abandoned Exhibits

1. It will take at least 2 weeks to go through the formalities prior to the exhibits re-export. In case of the urgent need to re-export any exhibit, the exhibitor shall notify the official forwarders in advance, and send all the instructions and documents to the forwarders before the CIIE's opening.
2. All sold exhibits shall be subject to the import duty, VAT, consumption tax, etc. on the declared value or appraised value by the customs. The procedures to dispose of the sold exhibits are as follows:
 - 1) The exhibitor is required to submit one copy of the sales contract related to the sold exhibits and contact information of the buyer to the official forwarders before the end of the CIIE;
 - 2) The buyer is required to go through the import formalities of the exhibits concerned, present required documents such as the sales contract and LOE to the customs and pay the related import duties;
 - 3) After completing the import procedures and duty payment, the buyer may arrange to take the delivery from the warehouse under the supervision of the customs ;
 - 4) All sold exhibits will be sent to the warehouse under the supervision of the customs for temporary storage for a maximum of six months. The exhibits shall be re-exported in case the import formalities cannot be completed within six months. Otherwise the customs may confiscate them. The shipping costs from the exhibition venue to the warehouse under the supervision of the customs and the storage fee shall be borne by the exhibitor or the buyer.

3.14 Controlled Items

1. According to the regulatory requirements of China Customs, if an exhibit fails to enter the country for the display due to its related categories in the prohibition list or restricted list, all responsibilities shall be borne solely by the exhibitors, and it has nothing to do with the Organizers. The Organizers will do their best to release relevant policy information on the official website at the first time. Hence the exhibitors are required to pay attention to related content and its updates on the official website.
2. In order to avoid the detention by reason that any items controlled by the Chinese Customs is contained in the exhibits, we strongly recommend that the exhibitors fax or email the LOE/commercial invoices and packing list to the official forwarders for earlier checking and confirmation before the shipment's departure from the country of origin.
3. If required, the official forwarders can help the exhibitors apply for necessary import license/permit. However, under no circumstances shall the official forwarders guarantee that such license/permit will be granted.
4. The exhibitors shall apply for the import permit for shipments such as food, beverages, cosmetics and animal and plant products in China even for exhibition purpose only.

5. The shipments aforesaid may not be distributed/tasted/sold or consumed during the CIIE without approval and authorization of China Customs.
6. In case of the need to ship any controlled items to China, the exhibitors must submit the following documents/information to the official forwarders 30 days prior to the shipment's departure.
 - 1) Catalogue/Brochure of Products
 - 2) Export Permit issued at the Products' Place/ Countries of Origin
 - 3) Certificate of Origin and Health Certificate
 - 4) Commercial Invoice and original Packing List/ List of Exhibits (LOE)

3.15 Insurance

- The exhibitors shall take out insurance to cover their exhibits from the origin to the destination, the whole exhibition period, exhibits' re-exporting to the origin or to the place of receipt after they have been sold at the exhibition hall as well as the handling at the hall. The official forwarders may take out insurance for shipments on behalf of the exhibitors upon the written request of the exhibitors.

3.16 Payment Terms

- Payment for inbound journey: After submittal of bills and prior to delivery to the booth.
- Payment for outbound journey: After submittal of bills and prior to forwarding.
- All payments must be made without any deduction or delay on account of any claim, counterclaim or compensation.

3.17 Miscellaneous

1. All operations are carried out in accordance with the forwarder's "Standard Terms and Conditions"; Terms are available upon request from the forwarder.
2. Use of the official forwarders' services, in part or in full, and any requirement for additional services at any time before or after the CIIE in the oral, written or conduct form implies your acknowledgement and acceptance of above mentioned terms.
3. The official forwarders will not be liable for following items:
 - 1) The exhibits that are rejected by the Organizers or China Customs for sale or display at the CIIE;
 - 2) Any tax/duty from the selling of the exhibits;
 - 3) Any stolen exhibits while they are on display at the venue.

4 Freight Rates for International Exhibits

4.1 Services and Rates for Inbound Exhibits

- For exhibits arriving at Shanghai Port/Airport before the CIIE's opening, the official forwarders will ship them from the storage site at the port/airport to the warehouse under the customs' supervision, assist the customs with inspection, devanning, sorting, and delivery to the booth. The forwarders will also assist the exhibitors with unpacking, positioning (excluding assembly), removing empty cases and packing materials to the on-site storage place.

 2. Charges: RMB 90.00 yuan/CBM, min. 1 CBM
 3. The exhibits should arrive at the exhibition hall entrance between October 26th and November 2nd, 2019.
 - Note: As subject to public security traffic control during move-in, please pay attention to the official website or contact the official forwarders in advance for the handling of personal and vehicle licenses before entering the exhibition hall.

5.4 Move-out Service Fee

- The fee is the same as that for move-in service.

5.5 Other Service Fees

- Overweight Surcharge:
 - Overweight surcharge by the official forwarders will apply to any single exhibit (including the packing case) that exceeds 3,000 kg in weight or L5 m × W2.4 m × H2.4 m in dimension:

Single Exhibit			Oversized Surcharge		
Length (m)	Width (m)	Height (m)	1	2	3
≥5	≥2.4	≥2.4	10%	20%	30%

- Fees for relocating, special assembly, and machine rental:
 - 10 ton forklift RMB 420.00 yuan/hour (min. 2 hours)
 - 25 ton crane RMB 450.00 yuan/hour (min. 4 hours)
 - 50 ton crane RMB 900.00 yuan/hour (min. 4 hours)

5.6 Case Marking

- The exhibitors shall print marks in the following format on the outer package of the exhibits (on two sides at least):

Exhibition Name: China International Import Expo	
Exhibitor Name:	
Exhibition Hall No.:	Booth No.:
Container No.: /	
Dimension: Length * Width *Height	Gross Weight: KGS

- The overweight exhibits shall be marked with wordings such as “Lift Here”, “Fragile” and “Water Proof” on the packing case and “Face” (on the outer packing). The exhibits that cannot be placed upside down shall be marked with special signs.

5.7 Insurance

- The exhibitors shall take out insurance to cover the exhibits against risks during inbound and outbound shipment and risks of storage during the CIIE. In case of any accident happens to the exhibit(s), the exhibitors shall settle the claim with the insurer(s) on their own.

5.8 Remarks

- Rates are computed based on freight tons, i.e. the conversion between volume and weight is 1,000 kg = 6m³, whichever is higher.
- The forwarders shall only be responsible for delivery with intact outer packing. The official forwarders bear no liability for any quality issues, damaged shipments or shortage of shipments inside. The exhibitor shall make a claim with the insurer.
- Any and all fees incurred at the train station, airport and place of delivery shall be billed as per actual expenses. Sundry charges such as inbound service fees and above mentioned pick up charge will be collected by the official forwarders when the exhibits move in.
- All fees and charges shall be settled before the exhibits move to the booth.
- All exhibitors are advised to contact the official forwarders promptly after receiving the shipping guidelines and rates for domestic exhibits and to ensure all mechanical arrangements can be made appropriately before the CIIE.
- All services are subject to 6% VAT.
