
Appendix 5 Notice to Exhibitors with Standard Booths

1. The official constructors of the Expo will be in charge of the set-up of standard booths.
2. Exhibitors with standard booths shall fill in the lintels of their booths with information consistent with the information on their signed contracts and return them to the Expo's official constructors before September 25th, 2019. Without the Organizers' permission, they shall not cover or change their lintels.
3. All applications for water, electricity, gas, network and telephone service shall be submitted to the CIIE's official constructors; the CIIE's official constructors shall be in charge of the installation, wiring and demolition of all the facilities for rent; before the power is switched on, all electric facilities and appliances shall be tested by professionals, and pass the tests.
4. If any exhibitor intends to rent exhibition equipment or plants, an application shall be submitted to the CIIE's official constructors before September 25th, 2019. On-site applications may not be available.
5. Without permission, exhibitors shall not tamper with the structure of their booths, or taint or damage the structure or accessories of the booths, including nailing, drilling and pasting wallpapers. For any assistance needed for hanging or arranging exhibits, please contact the Expo's official constructors.
6. No promotional materials shall be hung or pasted on the columns or walls of the venue.
7. Exhibits and exhibition equipment shall not overstep the boundaries of booths or occupy public area.
8. No objects shall be stacked on wires or circuit boxes; objects, materials and others inside the booths shall be properly kept in accordance with regulations and at a safe distance from wires and other dangerous objects.
9. It is prohibited to connect wires or lighting devices without permission. In case of any trip, short circuit, wires catching fire, circuit box damage, etc. for any exhibitor's improper operation, the exhibitor shall take responsibility and compensate for the losses.
10. Organizers or the venue are entitled to take appropriate measures against potentially dangerous equipment and facilities, including power cutoff.
11. The sockets inside standard booths are exclusively used for television, computer, water cooler and other electrical appliances with rated power below 600W, rather than exhibition equipment or lighting devices. Exhibitors that intend to bring their own lighting devices shall apply for additional lighting power; for exhibition equipment or machinery that requires electricity, exhibitors shall apply for additional engine power; application for lighting power and that for engine power shall be independent of each other; one socket can only be used for one equipment facility or machine. Multiphase sockets are forbidden to prevent short circuit caused by overload.
12. Every booth shall have its power switched off at the end of each day's exhibition. Exhibitors shall bear all losses and liabilities caused by failure to do so.
13. The power at the venue will be cut off at the closing time every day. Exhibitors in need of power, water or gas supply around the clock shall submit the applications in advance to the official constructors to prevent any damage to their equipment due to power outage.
14. For transport procedures and costs and other matters, please refer to the *Exhibit Transport* in this manual or consult the CIIE's official forwarders.
