4. Design and Building of Special Exhibition Booth

4.1 Letter of Commitment to Safe Operation

In order to ensure the exhibition safety, all the special exhibition booth constructors must sign the Letter of Commitment to Safe Operation provided by the exhibition organizer and submit it to the official constructor before September 15, 2020. For more information, please refer to **Form 13: Special Booth Safety Responsibility Letter**.

4.2 Recommended special exhibition booth constructors

In order to comprehensively strengthen the safe operation management of the special exhibition booths and ensure strict compliance with the instructions and regulations of the organizer and the exhibition space for safe operation in building, dismantling and maintenance of exhibition booths during the exhibition, the organizer has specially recommended a number of qualified, sophisticated and well-managed special exhibition booth constructors for the exhibitors to choose from. The organizer is not obliged to recommend any specific exhibition booth constructors. For details, please refer to **Appendix 6: List of Recommended Special Booth Constructors**.

Any application for employing special exhibition booth constructors other than those recommended shall be submitted to the official constructor before August 15, 2020. For more information, please refer to **Form 14: Application for Independent Constructor**. If the application is approved, the exhibitor or its own special exhibition booth constructor shall sign a Letter of Commitment to Safe Operation and submit it to the official constructor of its exhibition area before September 15, 2020. For more information, please refer to **Form 13: Special Booth Safety Responsibility Letter**. In addition, within 15 days after receiving the notice of approval of the application, the exhibitor or its own special exhibition booth constructor shall pay a performance bond of RMB 300,000 to the exhibition organizer (which will be refunded without interest at the end of the exhibition in case of no default during the exhibition).

4.3 Instructions to exhibitors of special exhibition booths

Exhibitors shall employ the special exhibition booth constructor recommended or approved by the organizer to design and build the exhibition booth. The official constructor and the drawings reviewer shall not accept the drawings submitted by any special exhibition booth constructors whose qualification are not evaluated. Special exhibition booth constructors shall design and build the booths in compliance with all the requirements in the instructions to exhibitors of special exhibition booths. For more information, please refer to **Appendix 7: Notice to Exhibitors with Special Booths**.

Only single-storey booths are allowed to be built in the main aisle of the exhibition hall, with a limited height of 6 meters (including the lifting point); the height limit in other areas remains unchanged. In principle, two sides of the booth in the main aisle must be open and unobstructed, not obstructing the sight of adjacent booths on the same visual surface. The construction structure shall not exceed 1/2 of the booth depth.

Any agreement or arrangement between exhibitors and special exhibition booth constructors (including those recommended or approved by the organizer) is deemed as an agreement reached and to be fulfilled by both parties. Both parties shall settle any accident or dispute arising from the performance of the agreement according to law, and the organizer shall not be liable for any losses caused by any default arising thereof.

4.4 Drawings review

In order to ensure the safety and stability of special exhibition booth and avoid potential risks, the height of the single-deck booth and double-deck booth shall not exceed 6 meters and 8.5 meters for, respectively. All special exhibition booths must submit relevant documents to the official constructor for review and approval. The exhibitors of double-deck and single-deck special exhibition booths of no less than 4.5 meters in height shall also submit relevant documents to the drawings reviewer for review and approval. The exhibitors of super-high exhibition booths shall pay the cost of drawings review.

The official constructor shall review the structure of the single-deck special exhibition booths (less than 4.5 meters in height), and file and record the documents of the single-deck exhibition booths (no less than 4.5 meters in height) and the double-deck exhibition booths.

Drawings reviewer shall charge fees for reviewing the single-deck exhibition booths of no less than 4.5 meters in height and double-deck exhibition booths.

- 2) Instructions to the drawings reviewer
- I. The application form of building special exhibition booths and relevant documents shall be submitted to the official constructor before September 15, 2020. The application form of building double-deck special exhibition booths and single-deck special exhibition booths (no less than 4.5 meters in height) shall be submitted to the drawings reviewer authorized by the organizer for review and approval, as well as to the official constructor. For more information, please refer to **Form 15: Application for Special Booth Setup**.
 - II. The fees for booth drawings review will be charged: The cost per square meter of the booth on the drawings to be reviewed multiplied by the total area of the booth. The price of drawings review is as follows: The indoor and outdoor double-deck booth - RMB 21/m²; indoor and outdoor single-deck booth - RMB 17/m². The area of the booth to be reviewed on the drawings is calculated as follows: Total area of a single-deck booth = the total booth area; the total area of a double-deck booth = the top deck area + the bottom deck stressed area caused by the top deck load-bearing structure.

4.5 Standard of environment-friendly booths

In order to promote the concept of environment protection, the organizer has formulated the **Criteria for Green China International Import Expo**, which includes the provisions on environment-friendly exhibition booths, operation, logistics and catering service. In particular, applicable standards are formulated for environment-friendly exhibition booths including their design, material selection and safe operation. Exhibitors and exhibition booth constructors are required to comply with the standards. The organizer has the right to request any exhibitor or exhibition booth constructor who fails to follow the standards to correct its offence and indemnify for any losses arising therefrom. For details, please refer to **Appendix 8: Criteria for Green China International Import Expo**.

5. Work Overtime

During the period of exhibition booth building and dismantling, the daily working hours will end at 22:00. Any application for overtime work after 22:00 shall be submitted to the official constructor before 18:00 on the same day for approval. The working hours can be extended after approval. No overtime fee will be charged from 22:00 to 24:00 on the same day. The overtime fee after 24:00 is as follows:
