The 6th China International Import Expo Innovation Incubation

November 5-10, 2023
NH

Design sketch of Innovation Incubation of the 5th CIIE

“Technology Innovation Incubates the Future”

The CIIE Innovation Incubation Area is a testing ground for breakthrough technologies and global innovators, as well as a stage for the world's keenest innovators.

The Innovation Incubation of the 6th CIIE will be expanded to include **500** seats and will invite global breakthrough technologies and innovative projects to CIIE with hi-tech strength.

- At home, the central media, local media, and various industrial media reported on CIIE from multiple levels and perspectives.
- Overseas, more than 400 foreign media including Reuters, Yonhap, zaobao.com of Singapore, Antara News Agency of Indonesia, Associated Press of Pakistan, and Asahi News Agency of Japan actively reported on CIIE.

Crop Seed Industry	25.55	Cosmetics and Daily Products	7.13

Effective Materialization

Innovation Incubation builds an innovative system of “incubation acceleration + investment drive + open scene”, sets up multiple activities combining exhibition and trade, visitors and exhibitions, and promotes innovative enterprises to expand their local circle of friends, comprehensively accelerates their materialization in China, and promotes many enterprises to establish their presence in China.

Successful Examples of Special Sections from 2021 to 2022

(Automobile) ELECTRIC DRIVE has obtained the cooperation intention from a European automobile enterprise and channels of several suppliers..

(Intelligent Industry and IT Information) ORIGITECH of Germany was covered by multiple media outlets, effectively expanding its local circle of friends for innovation and entrepreneurship.

(Medical devices and medical care) Six projects signed contracts with domestic medical device leading enterprises and investment institutions, one cooperated with domestic institutions for clinical research, and two carried out commercialized research in China, representing a full implementation in China.

WAT Medical opened its sales center in Qingpu District of Shanghai through CIIE.

BACOLAB will soon settle in China through CIIE.

Professional Awarding Events

Evaluation of “Most Popular Award”, “Future Shock Award” and “Best Organization” have won the recognition of experts and attracted wide attention from the public. Top three candidates with the most votes won the Most Popular Award after nearly 19 million views and with 4.7 million votes received.

Future Shock Award

Future Shock Award
Flexiv Ltd

Future Shock Award
SKINRUN

Future Shock Award
WAT Med-EmeTerm neuro-modulatory wearable and treatable device

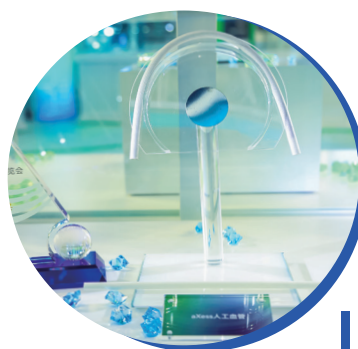

Most Popular Award

Most Popular Award
INTIMITI AUSTRALIA
PTY LTD-SELYS

Most Popular Award
Intrado Tech Venture
Limited-Bacolab

Most Popular Award
Xeltis-aXess

Best Organization

Rich Supporting Roadshows
