**【Addresses】**

Gong Zheng, Deputy Secretary of the CPC Shanghai Municipal Committee and Mayor of Shanghai, attended the Hongqiao International Opening-Up Hub Building Forum & Hub Conference 2022 in Shanghai and delivered an address.

Gong Zheng, Deputy Secretary of the CPC Shanghai Municipal Committee and Mayor of Shanghai, pointed out in his speech that the 20th National Congress of the Communist Party of China has drawn up a grand blueprint for building China into a modern socialist country in all respects and advancing the rejuvenation of the Chinese nation on all fronts through a Chinese path to modernization. Based on President Xi Jinping's clear positioning of Shanghai, we are accelerating the building of Shanghai into a modern socialist metropolis with world influence and striving to serve as a front-runner in the comprehensive construction of China into a modern socialist country. The Hongqiao International Opening-Up Hub is a vivid practical paradigm of Chinese modernization. It is necessary to elevate the level of industries, increase the density of factors and expand the depth of openness based on "a wide transportation network", "large-scale exhibitions" and "booming businesses", further strengthen our international positioning, highlight our openness superiority, leverage our hub functions, and strive to build a pivotal port with global connectivity, a key link in the national unified market and a new engine for the integration of the Yangtze River Delta. The guests invited are expected to exchange ideas, contribute wisdom and reach consensus on the forum theme. Enterprises from both China and other countries are warmly welcome to invest and develop in Shanghai. Let us share the opportunities of the times and create a better future together.
